

NATURAL RESOURCES FORUM

MAY-09-2024

Interior BC is a hub for responsible natural resources development which will play a crucial role in the global shift to a low carbon economy. The Kamloops Chamber is bringing together industry leaders, key stakeholders and politicians for lively conversation to discuss how the Kamloops and district can play a pivotal role to reduce emissions,

create clean jobs and address climate-related challenges that continue to affect our region.

An effective natural resources extraction strategy will unlock significant opportunities for the Thompson-Okanagan. To be successful, we need strong leadership from all stakeholders, investors, companies, and regulators. Let's start the conversation.

We acknowledge that this event will take place on the Tk'emlups te Secwepemc Territory within the unceded traditional lands of the Secwepemc Nation. The region includes 7 nations: Dákelh Dené, Ktunaxa, Secwepemc, St'át'imc, Syilx, T̓silhqot'in, and Nlaka'pamux.

**LET'S STAY CONNECTED
